## FURNITURE MOVING CONDITIONAL LIABILITY NOTIFICATION

CD Contract Division agrees to move and relocate furniture on a conditional liability basis.

Our employee's will provide the best attention and care possible in your home. In the event of an item being damaged as a direct consequence of our negligence (i.e. a broken lamp) we will repair or replace the item, however, we regret that our liability for damages is limited to the extent of the furniture moving fee being charged for the individual item involved.

In the event of something being damaged as a part of the progress of furniture moving for carpet installation (i.e. scratching the wall), we regret that our liability is limited to the extent of the furniture moving fee being charged for the individual item involved.

PLEASE NOTE: If you have any items that require special attention (i.e. antiques, glass furniture, art objects, etc.), or very large or heavy objects that are difficult to move (i.e. pianos, waterbeds, or freezer chests); the moving of these items is your responsibility. These items must be moved prior to CD Contract Division installing the flooring. CD Contract Division will not take any responsibility whatsoever for damages to these items.

VALUABLES: For everyone's comfort, please ensure that ALL of your personal valuables and family heirlooms are well secured during the installation. This includes the removal and packing away of all small and loose items usually stored in or on the furniture and/or appliances (such as books or ornaments on shelves and in drawers, and food in the refrigerator). It also includes the removal and packing away of all pictures and other wall hangings from the walls.
